

- Max Input Power 200W
- Frequency Range: 698 to 2700 MHz
- PIM : < -160 dBc @ 2x20W
- Compact design
- Low cost

Dimensions in mm (in)

## Specifications

Model	TLP200-18-DF
Frequency Range	698 - 2700 MHz
Max Input Power	200W
Passive Intermodulation (PIM)	< -160 dBc @ 2x20W (1900MHz)
Insertion Loss	20 dB typ.
VSWR	1:1.2
Impedance	50 Ohm
Temperature Range	-65°C to + 85°C
Weight	8kg

### RF & Microwave Technology

AWT-Global provides advanced telecommunication technology products and analyzers for a variety of RF and Microwave applications.

## Order Information

Model	Description
TLP200-18-DF	Low PIM Termination load, 19" rack mount 3U, 200W, Frequency 698 - 2700 MHz, PIM < -160 dBc @ 2 x 20W, DIN 7/16 (f), Connectors (2), Made in the USA.
